

Eccleston CE Primary School Curriculum Intent Statement

At Eccleston, our curriculum is shaped by our mission statement (Let Our Light Shine), vision and aims. We believe that children should experience excellent teaching and develop a deep love of learning through an ambitious curriculum. In delivering our inclusive curriculum, we aim to remove any barriers to learning so that ALL children are able to make progress. Our school curriculum uses the National Curriculum as a starting point which is tailored to the needs of our children at Eccleston. We aim to ensure that all children are confident, articulate and effective communicators by the time they leave our school. We want all of our children to develop an 'I can' attitude towards their learning and a strong resilience to challenge, understanding the importance and the value of making mistakes. We aim to ensure that all children have a secure understanding of fundamental British Values, as well as our own Eccleston Christian values. Furthermore, our children, gain an understanding of equal opportunity of and are able to celebrate the richness and diversity of the society in which they live and are fully prepared for life as a global citizen. Through the curriculum, we want our children to be able to make positive choices in terms of their social interactions, health and personal well-being. A key approach to achieving our curriculum intent is for our curriculum to be filled with enriching first-hand experiences.
